Cookies

Last updated: 02/08/2021

Our cookies are categorized in the following categories:

- **Essential cookies.** These cookies are essential for enabling user movement around our website. These cookies do not gather information about you that could be used for marketing purposes and do not remember where you have been on the internet. This category of cookies cannot be disabled.

- **Functionality cookies.** Functionality cookies are used to remember information you have entered or choices you made (e. g. language) on the website, so the next time you visit the website you will not have to set them again.

- **Analytics cookies.** These cookies are set to collect information about how visitors use our website. Because of them we can make improvements to our website and report our performance.

- **Advertising cookies.** These cookies are placed by third-party advertising platforms or networks to deliver ads and track ad performance. In some cases, these cookies enable advertising networks to deliver ads that may be relevant to you based upon your activities on our website and other websites (in such cases, ad serving might be based on automated decision-making).

How to manage your cookie preferences?

You can control what cookies are set on your devices. Most types of cookies can be disabled or deleted by using your browser settings. Please note that if you set your browser to refuse cookies, you may not be able to use all features of our websites. The following links provide information on how to modify the cookies settings on some popular browsers: Google Chrome, Apple Safari, Microsoft Internet Explorer, Mozilla Firefox.

If you would like to disable advertising cookies, you can visit http://www.youronlinechoices.com. If you choose to turn off these cookies you will still see advertising while browsing but it may not be tailored to your interests.

If you wish to opt out of our ability to track you across devices, you may install the Google Analytics Opt-out Browser Add-on.
